

Katherine Blue

NOMINATION STATEMENT:

My name is Katherine Blue. I am a Speech Language Pathologist at UW Hospital. My team specializes in communication and cognition impairments across all adult inpatient units. Within my team, I have experience with extensive and complex medical conditions as I lead our alternative and augmentation communication expansion, which supports patients during significant goals of care and end-of-life conversations.

I started with GHC-SCW when I practiced with the MMSD in 2017. In 2020, I took a full-time position at UWH to support the growing Healthcare needs during the pandemic. While I found my niche at the hospital, I maintained GHC coverage because of the quality of care I experienced at GHC-SCW. Knowing that there are significant barriers when choosing GHC-SCW over Quartz, this was a considerable decision. Since then, I have seen excellent providers leave GHC-SCW, which has hurt patient care. As GHC-SCW offers a unique type of coverage, I imagine there is a way to support this organization both as a practitioner and as someone insured by GHC-SCW.

**Sneha Susan
Varghese**

NOMINATION STATEMENT:

With a diverse and extensive career, Sneha brings a wealth of experience to the field of Human Resources and organizational management. Her journey began as a Senior Executive at Wipro Technologies, where she gained valuable insights into corporate operations from 2005 to 2006. Subsequently, she transitioned to the role of Business Resource Manager at Apposite Solutions Inc, honing her skills in resource management from 2007 to 2011. In the realm of HR and Talent Acquisition, she served with distinction at Cynet Inc and the CSI Group from 2013 to 2018, contributing to strategic talent sourcing and corporate HR initiatives. Her passion for education led her to MATC, where she assumed a faculty position in 2018, equipping future professionals with real-world insights. As Director of AlphOmega from 2018 to 2020, she steered organizational growth. Notably, her tenure as Senior HR at Amazon from 2020 to 2022 encompassed Site HR leadership and corporate HR specialization. Currently, she is the Director of People & Culture at Science Societies of America, and she's committed to fostering a thriving work environment. Her journey reflects a steadfast dedication to HR excellence and organizational advancement.

Sneha Varghese's passion for hiring, recruiting and matching the best candidates with the necessary skills reflects her deep commitment to talent acquisition and human resources. Her extensive career journey, spanning various roles in HR and organizational management, has provided her with a wealth of experience in identifying and nurturing talent. Serving on the 2025 GHC-SCW Nominations Committee aligns with Sneha's passion for talent acquisition and her desire to contribute to the selection of individuals who can make a meaningful impact within the committee. Being involved in the nominations process allows her to leverage her expertise in recognizing and assessing the skills, qualifications and potential of candidates. Her genuine love for the hiring process suggests that she sees the committee as an opportunity to play a crucial role in shaping the leadership and direction of GHC-SCW. By actively participating in the nominations process, Sneha can contribute to building a diverse and dynamic team that will further the goals and objectives of the organization. Sneha's interest in serving on the 2025 GHC-SCW Nominations Committee stems from her passion for hiring and recruiting, and her desire to utilize her expertise in selecting individuals who can positively influence the committee's mission and success.
