

# Provider Orientation Manual

## Welcome to the GHC-SCW Provider Network

Group Health Cooperative of South Central Wisconsin (GHC-SCW) isn't your cookie-cutter health care company. We are a non-profit, member-owned Cooperative health care system. We exist to serve our members, and we value our Cooperative spirit. We pioneered the HMO movement as Dane County's first HMO, and today we are a nationally-recognized leader in the benefits and well-being of our employees. We believe in the culture of exceptional care.

GHC-SCW has five primary care clinics in Madison, Wisconsin, including a CLIA-certified lab, offering members exceptional primary and speciality care. We are a fully-integrated care delivery and insurance company, selling fully-insured insurance products as well as BadgerCare Plus.

### Prior Authorization

More Details: <https://ghcscw.com/plan-providers/prior-authorization/>

#### Prior Authorization is:

The process by which GHC-SCW gives prior written approval for coverage of specified services, treatment, durable medical equipment (DME) and supplies. Prior Authorization will determine and authorize payment of:

- The specific type and extent of care, DME or supply that is medically necessary.
- The number of visits or the period during which the care will be provided.
- The name of the provider rendering the service.

#### Prior Authorization is NOT:

- A guarantee the service or supply will be covered. Coverage is determined by the member's benefit plan and is subject to Usual and Customary Reimbursement (UCR) determinations.
- Unlimited. Prior Authorization approvals may be limited by visits and/or time span.

#### Providers Responsibilities

- GHC-SCW requires Prior Authorization for all services and supplies as outlined. This requirement applies whether GHC-SCW is considered the primary insurer, secondary insurer, or insurance is supplementary to Medicare. Notifications can be made via telephone to:

GHC-SCW Care Management  
Department  
Toll-Free: (800) 605-4327 ext. 4514  
(608) 257-5294

GHC-SCW Behavioral Health Department  
(608) 441-3290

# Provider Orientation Manual

## Prior Authorization (Continued)

- For HMO Members: If a participating provider does not obtain Prior Authorization and the requested service or supply is denied, a member cannot be billed.
- Participating providers should log into EpicLink to submit a request for Prior Authorization and to verify that GHC-SCW has approved the request. Requests should be submitted at least two weeks prior to the scheduled date of service whenever possible.
- If you do not have access to authorizations through EpicLink, you may contact your Provider Coordinator to assist in getting your access updated.

## Provider Resource Manual

More Details: [ghcscw.com/plan-providers/provider-resource-manual](https://ghcscw.com/plan-providers/provider-resource-manual)

We developed the Group Health Cooperative of South Central Wisconsin (GHC-SCW) Provider Resource Manual to serve as a reference for our participating practitioners and providers. The purpose of the manual is to inform you about GHC-SCW, our policies and procedures and our Quality Improvement program and initiatives. The manual is a quick reference where you can find answers to frequently asked questions.
