

**\*\*\*Coverage of gene therapies is not addressed in this document\*\*\***

## NEW TO MARKET MEDICATIONS

Newly available medications may be subject to GHC-SCW's *Coverage of New-to-market Drugs* policy. If the medication you are seeking coverage for is listed below, it is **not covered** and claims for the drug will be denied in concordance with the policy. The list is current as of the date of this document. Drugs which have been made available since the date of this document will not be covered.

| HCPCS Code | Brand Name        | Generic Name                            |
|------------|-------------------|---|
| J1304      | Qalsody           | tofersen                                |
| J9999      | Lymphyr           | Denuleuking diftitix-cxdl               |
| J3590      | Enzeevu           | Aflibercept-abzv                        |
| J9999      | Niktimvo          | Axatilimab-csfr                         |
| J3590      | Pavblu            | Aflibercept-ayyh                        |
| J3590      | Lantidra          | donislecel-jujn                         |
| J3590      | Yesafili          | aflibercept-jbvf                        |
| J3590      | Opuviz            | aflibercept-yszy                        |
| J9248      | Hepzato           | melphalan hydrochloride                 |
| J3490      | Rivfloza          | nedosiran                               |
| J1434      | Focinvez          | fosaprepitant                           |

| J0593      | Takhzyro                         | Lanadelumab                                |
| J1628      | Tremfya                          | guselkumab                                 |
| J7682      | Tobi                             | Tobramycin Inh Soln                        |
| J7686      | Tyvaso                           | Treprostinil Inh Soln                      |
| Q5137      | Wezlana SC                       | Ustekinumab-auub, biosimilar, subcutaneous |
| J1748      | Zymfentra                        | SC injection, infliximab-dyyb (zymfentra)  |

## SPECIALTY INJECTABLES PRIOR AUTHORIZATION LIST

Prior authorization is required for clinic-administered injectable medications. Monthly updates will be added to the Prior Authorization list. Providers are reminded to review the Prior Authorization list on a regular basis for any updates or changes which may be added.

### PLEASE NOTE: Prime Therapeutics Management or GHC Prior Authorization?

The medications highlighted below in **yellow** requires Prior Authorization from our partner, **Prime Therapeutics Management**. Please click [HERE](#) to start the Prior Authorization process for these medications.

All other medications on the list below require Prior Authorization from GHC-SCW. Please click [HERE](#) to start the Prior Authorization process for these medications. Please contact Member Services with specific code information to determine if an item or service requires prior authorization. Member Services Phone: (800) 605-4327.

**Prime Therapeutics Management: When (and only when) GHC is the primary payor, select drugs must be sourced through Prime Therapeutics Management. Users will be guided in the Prime PA portal to set this up. Please be aware that if your practice is accustomed to “buy-and-bill,” those claims for reimbursement will be denied.**
