Understanding your Plan

We're pleased to provide you with the tools you need to understand your benefits and receive exceptional health care. Use this guide, **ghcscw.com** and our Member Services team to answer your questions about your health plan and your health care.

USING YOUR MEMBER I.D. CARD: Your new GHC-SCW Member I.D. card is attached.

Please carry your card with you to present each time you receive care. Your Member I.D. Card contains important plan information such as your member number, product type, network and group number.

Visit **planfinder.ghcscw.com** to view, save or print important information about your benefits and coverage such as:

BENEFIT SUMMARY: Your Benefit Summary is a quick overview of just some of the benefits and covered services included in your health plan. For a complete description of covered services, view your Member Certificate and any amendments or riders to your benefit plan.

SUMMARY OF BENEFITS AND COVERAGE (SBC): Your Summary of Benefits and Coverage (SBC), which all health issuers must provide to you, provides an outline of your benefit plan.

MEMBER CERTIFICATE: Your Member Certificate outlines which benefits and services are included and excluded in your benefit plan and describes the terms, conditions and limitations of the benefits you receive.

PLAN AMENDMENTS AND RIDERS: Plan amendments and riders alter the Member Certificate language to include, exclude, and/or modify the benefits you are eligible to receive.

FORMULARY: GHC-SCW drug formularies provide a list of prescription drugs available under your benefit plan.

PLAN DETAILS AND DOCUMENTS: View your health plan information at planfinder.ghcscw.com or go to ghcscw.com, click on "For Members," select "Your GHC-SCW Benefits," and choose the red MyPlanFinder button. To access your plan documents, enter your group number. Your group number can be found on your Member I.D. card.

If you would like a free copy of these materials printed and mailed to you, please contact our Member Services team at (608) 828-4853 or toll-free at (800) 605-4327 (TTY Number: (608) 828-4815).

Terms to know

Please refer to your plan documents (Benefit Summary and SBC) for the Deductible, Coinsurance, Maximum Out-of-Pocket (MOOP), and any Copayments specific to your plan.

DEDUCTIBLE: The amount you owe for covered health care services before your health insurance begins to pay.

COINSURANCE: Your share of the cost of a covered health care service, calculated as a percentage of the allowed amount for the service.

MAXIMUM OUT-OF-POCKET (MOOP): The most you pay during a policy period before your health insurance or plan begins to pay 100% of the allowed amount of covered health care services. This limit never includes your premium, balance-billed charges or health care your health insurance or plan doesn't cover.

COPAYMENT: A fixed amount a member pays for covered health services usually when a member receives the services.

Prior Authorization and Referrals

REFERRALS: The referral request occurs when you visit your Primary Care Provider (PCP) and a decision is made to send you to a specific Specialist. Specialty office visits do not require prior authorization. You may access Behavioral Health, Chiropractic, Clinical Health Education and Eye Care services without a provider referral or prior authorization.

PRIOR AUTHORIZATION: Prior authorization is the process by which GHC-SCW provides prior written approval for coverage of specific benefits, treatments, Durable and Disposable Medical Equipment (DME), Prescription Drugs and supplies. The purpose of prior authorization is to determine and authorize the following:

- The specific type and extent of care, Durable and Disposable Medical Equipment, Prescription Drug or supply that is necessary;
- The number of visits, or the period of time, during which care will be provided;
- The provider to whom the member is being referred; and
- Whether the member should receive coverage for the services from an out-of-network provider because necessary services are not available from an in-network provider.

It is the member's responsibility to ensure a prior authorization has been obtained when required. Failure to obtain prior authorization when required may result in the member receiving a reduction in or no benefit.

If prior authorization is not received prior to the date of service and/or receipt of supplies, your provider should contact GHC-SCW's Care Management Department for a determination of Medical Necessity.

If a specialty service is available at a GHC-SCW clinic, members are required to obtain the specialty service from GHC-SCW, otherwise a prior authorization from a referring provider is required. The prior authorization lists may differ depending on your health plan.

For questions about services requiring prior authorization, visit ghcscw.com or contact Care Management at (608) 257-5294.

GHC-SCW Primary Care Providers are your first point of contact for health care. Our Providers offer a broad spectrum of health care and preventive care services to our members.

Visit **ghcscw.com** and select **“Find A Provider”** to view details about our Providers online, including their practice location, medical background, education, languages spoken and more.

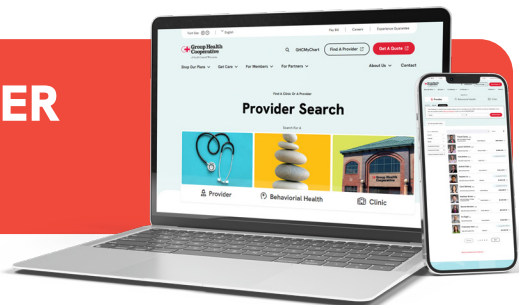

The key to optimal health is forming a partnership with a Primary Care Provider. By understanding your needs and medical history, your PCP can best care for you.

Your PCP Can:

- *Treat a wide variety of health care needs and provide preventive care.*
- *Help you manage an illness or injury.*
- *Coordinate your care with Specialty Care Providers.*
